

About us

PADEMARK Co., Ltd. is a preeminent intellectual property law firm in Vietnam that is committed to providing the legal services of highest quality to our clients. Our firm's areas of practice are broad-ranging, from all aspects of patent, industrial design, trademark, copyright, and business secret laws, including searching, consulting as to patentability of new invention(s) and advice on registration probability and availability of trademark(s), filing, infringement opinions, licensing, mediation and litigation to IP issues related to international trade, portfolio management, the internet law, e-commerce, and unfair competition. PADEMARK's attorneys and associates, most with advanced degrees in law and technology, have years of experience in all aspects of intellectual property law, to efficiently and effectively provide legal services to support our clients' business goals. We offer full-service IP coverage in virtually every technology and product category ranging from customer goods and services, mechanics, electronics, medical devices, to biotechnology, chemistry, pharmacology and nanotechnology.

Our comprehensive and in-depth knowledge of international as well as Vietnam intellectual property laws, our firm's moderate size that brings about close attorney-client relationships and facilitates personalized services, our fully computerized docketing system that ensures us not to miss any deadlines for our clients, and our dedication to clients has kept PADEMARK in the forefront of the IP profession in Vietnam.

PADEMARK has been assisting the firm's clients to acquire and protect their intellectual property rights not only in Vietnam, but also in Laos and Cambodia.
